Dear Sirs,

Re: Planning Application No. DM2025/01591

Although I do not live in the Borough of Sutton I do frequently need to visit the area and from those visits I cannot see this development being an asset to the area. With a shortage of family housing this land, being 'brownfield' & adjacent to a long standing housing development, would be beneficial to rectifying the shortage and would blend in with the current residents.

This development would place increased pressure on the local residential roads as public transport is very limited in this area, no doubt there would be unsociable hours noise pollution increase and to add to that a building totally out of character to the adjoining area.

Yours faithfully,

A black rectangular box redacting the signature of L. Hill.
