Re: Former Ambulance Station, Dorset Road - DM2025/01591

Dear Sir or Madam,

I am writing to you to raise an objection to the above planning application.

I object to this proposal for a number of reasons:

- **Parking:** The site is in a cul-de-sac within Dorset Road and has far too little parking for the declared peak number of people (160) expected to use the site on Fridays. Brasted Close is already being used by parents of children at Avenue Primary Academy for parking at school drop off and pick up times. This has led to numerous incidents of illegal parking across driveways where I live in Brasted Close. The former Ambulance Station is much closer to Brasted Close and is expected to create further problems.
- **Traffic:** Access to and from the 49 houses in Balmoral Way, the Bowls Club and a number of other properties in the cul-de-sac part of Dorset Road is only possible by driving past the former Ambulance Station. Many vehicles will then need to perform U-turns in Dorset Road / Balmoral Way to return to main roads.

Overall it is very clear that this application is inappropriate for the area and should be rejected.

Yours faithfully,

Margaret Bentley (Mrs)
