Case Officer: Polly Davidson

## Customer Details

Name: Mr Kamran Ellahi

Address: 29 Holland Avenue Cheam SM2 6HW

## Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing as a resident of Holland Avenue to express my full support for planning application DM2025/01591.

As a neighbour, I believe the proposed community centre will provide significant benefits to local residents. The centre will offer a welcoming space for community engagement, educational activities, and social initiatives that will positively contribute to the wellbeing of families and individuals in the area.

I am particularly encouraged by the parking management approach outlined in the application. The proposed measures appear sensible and pragmatic, especially in seeking to avoid timing clashes with drop-off and pick-up periods at Avenue Primary Academy. By managing event scheduling and usage hours responsibly, the proposal demonstrates clear consideration for existing traffic patterns and local residents. This proactive planning should help minimise any additional pressure on parking within Holland Avenue and the surrounding roads.

Overall, I believe the development has been thoughtfully considered and will enhance community cohesion while respecting the character and functioning of the neighbourhood.

I respectfully ask the Council to approve this application.
