Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing as a resident of York Road to express my strong support for planning application DM2025/01591.

One of the aspects I value most about this proposal is that it will provide a community centre within easy walking distance of my home. Having a local facility that residents can safely and conveniently access on foot is a significant benefit, particularly for families, older residents, and those who may not drive. It encourages local participation and reduces the need for unnecessary travel.

I also greatly appreciate the wellbeing focus that the centre intends to bring to the area. Community spaces that offer educational sessions, social activities, and wellbeing initiatives can have a very positive impact on mental health, social connection, and overall quality of life. In today's environment, accessible and inclusive community facilities are more important than ever.

In my view, this proposal represents a positive investment in our neighbourhood and will strengthen community ties while providing practical local benefits.

I am pleased to support this application and respectfully ask the Council to approve planning application DM2025/01591.
