Comment Reasons:

Comment:

I strongly object to the proposed plans to convert the old ambulance station into a mosque and community centre. Traffic, parking, and safety are my main concerns.

You will be aware of Avenue Primary, an ever-growing school with entrances on Dorset Road and Avenue Road. They have insufficient parking for staff so they mainly park on local roads. The school runs a full-time nursery when drop-off and collection can be at any time. They run pre-school morning and afternoon sessions, so drop-offs and pick-ups are three times a day. They have an extensive special needs department where children arrive and depart at different times.

The council are about to extend the zig-zag lines for safety outside the school, which will reduce parking availability. The yellow lines on the east side of Avenue Road are only effective at certain times. We have buses running 7 days a week until late.

The proposed plan can only have an adverse effect on the present safety and parking problems.

I think it is so unfair to the local residents. With this community centre / mosque open from sunrise to sunset with prayers up to 5 times a day, and lots more going on, there is absolutely no benefit to residents, who should be put first.

I am also concerned that some residents will not be aware of these plans. There are no notices in surrounding streets that I can see (although I believe that this is being addressed).

Sutton Council, please put long-standing Belmont residents at the forefront of you decision and refuse this application.
