Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing in support of community centre.

I am shocked to see objections by people living in SM6. I live near the old ambulance centre and there is no community centre at walking distance. We need a place where we can build social connections.

Community centre will not serve specific group but in general will be beneficial for all residents around SM2.

I can confirm based on my verbal interaction with ladies around the area that they all are looking forward to this community centre.
