Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: We are writing as a family residing on Dorset Road to express our support for planning application DM2025/01591.

Having lived near the former ambulance station site, we are very aware that it previously operated on a 24-hour basis, with associated vehicle movements and activity at all hours. We welcome the fact that this busy, round-the-clock operational facility is now proposed to be replaced with a modest community-focused development that will be significantly quieter and more in keeping with the surrounding residential environment.

We also appreciate that the proposal includes additional parking provision, which will help manage demand and reduce pressure on surrounding roads. This demonstrates that practical considerations have been taken into account as part of the design.

In terms of appearance, we find the proposed development to be in line with the aesthetics of the area. The plans appear proportionate and thoughtfully designed, ensuring that the building sits comfortably within the existing streetscape.

Overall, we believe this application represents a positive change for the neighbourhood - replacing an intensive operational use with a quieter, community-oriented facility that aligns with the character of the area.

We respectfully ask the Council to approve planning application DM2025/01591.
