Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object in the strongest possible terms to the proposed building of a Mosque and Community Centre in a totally residential area. We already have extreme problems with parking by people from outside the area (Avenue Primary School and Belmont village Residents). There have been occasions when Emergency Services and delivery vehicles have been unable to gain access due to irresponsible parking on either side of the road. The road is just wide enough to allow 2 vehicles to pass when no vehicles are parked. Any parking reduces Balmoral Way to a single, narrow road. The proposed number of 200 worshipers descending on this small area at any one time will completely block all access to local residents.
