Address: 39 Balmoral Way Sutton SM2 6PD

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Balmoral Way and Dorset Road are both culdisacks and therefore there is only one exit out of the area by road. This necessitates passing the Avenue Academy Primary School. Since the expansion of the school, trying to negotiate a safe route out during school drop off and collection times is extremely difficult, due to the irresponsible and selfish parking of some parents. The proposed Planning Application for a Mosque and Community Centre, in the previously used Ambulance Station, will not only exacerbate the parking and traffic situation, but also extend the congestion to all day, seven days a week due to the Mosque Worship Schedule. This is a residential area with roads just wide enough to allow cars to pass and was never intended to facilitate parked vehicles which reduce the road width to a single tack. This Application cannot be allowed to progress as the inevitable increase in traffic and the possibility of inconsiderate parking could trap the residents in their homes, restricting easy exit and preventing access by delivery and emergency vehicles. Balmoral Way should have double yellow lines down both sides of the road. All residents have a drive and garage and have no need for curb side parking. Those presently parking on the road do not live in the area.
