Comment Reasons:

Comment: I would like to extend my strong support to this change of use application. The current site is not being used for anything, this proposal will allow active usage of the building. The community hub in my opinion will benefit the local area with well being sessions, education, activities for senior citizens which will be open to all.

The organisation behind the planning proposal has been operating for many years in the local area offering prayer facilities as well as classes. They have done so respectfully and not caused any inconvenience to the locals.

There is no reason to believe that this application will cause any inconvenience to local residents so I would urge the council to approve it
