Comment Reasons:

Comment: Dear Sir/Madam,

I am writing to express my full support for the proposed community centre and place of worship under planning application reference DM2025/01591.

As someone living locally, I believe this facility will be a valuable addition to our area. It will provide a safe, welcoming, and well-managed space for prayer, education, youth activities, women's wellbeing, and wider community engagement.

My family and I do not have relatives in the UK, and facilities like this are extremely important for us. This centre will help us build strong social connections, feel supported, and develop meaningful relationships within the local community. It will also promote understanding, harmony, and positive interaction between people from different backgrounds.

The proposed services, including children's education support, youth engagement, family programmes, and wellbeing activities, will greatly benefit residents of all ages. I am particularly encouraged by the thoughtful planning around parking, accessibility, and managed prayer times, which shows consideration for neighbouring residents.

Another important benefit is that the centre will be within walking distance of my home. This reduces the need for driving and helps promote a healthier and more sustainable lifestyle.

Overall, I strongly believe this project will have a positive social, educational, and cultural impact

on our community. I fully support this application and hope it will be approved.

Thank you for considering my views.
