Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Its in a very busy road on the Dorset road which I frequently use.

At times very congested road, and things will only get worse.

Sutton and in general London, needs more housing, NOT places to worship. Sutton Council should get their priorities right.

Don't understand how its being framed as Community Hub and also Place of Worship, its a ploy.

London and UK overall has problems with integration and more division as few places are worship are not at all for the community, but only for certain groups.

Please don't fall for this charade, we can do with better things there just the community center which all can use, rather than tying up naively with place to worship which will ultimately only benefit specific group.

Hope this doesn't go ahead creating more division in our already broken society.

Thanks.
