Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing as an elderly resident of Golf Side, Cheam, to express my strong support for Planning Application DM2025/01591.

Having lived in the area for many years, I have seen a gradual reduction in local services and community facilities. For that reason, I believe the establishment of this centre would be a very welcome and much-needed addition to our neighbourhood.

The opportunity to create a space dedicated to health, wellbeing and social engagement is extremely important, particularly for older residents. A local centre where people can attend health-related sessions, participate in light activities, and simply meet others in a safe and comfortable environment would greatly enhance quality of life.

Social isolation is an increasing concern, especially among elderly residents. A centre such as this would provide valuable opportunities to meet fellow locals, build friendships and strengthen community ties. Having a welcoming venue within the area encourages connection and mutual support.

I am also reassured by the proposed design of the building. From what I have seen, it appears modest and in keeping with the surrounding properties. I believe it will blend well with the character of the area rather than detract from it.

Overall, I consider this proposal to be a positive and thoughtful development that will benefit residents of all ages. I respectfully ask the Council to approve Planning Application
