Comment Reasons:

Comment: I fully support this proposal to transform a previously public site into a vibrant community hub. A mixed-use facility is a far more sensible use of this space than leaving it redundant. The range of services-from youth activities to support for older residents-will provide a significant local benefit and encourage better integration within our diverse community.

I am satisfied with the proposed management of parking and access. Since traffic in this area peaks strictly during school hours, the hub's operation is unlikely to disrupt the local road network. This is a well-considered plan that will greatly serve the borough, and I hope to see it approved.
