Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to DM2025/01591 because the proposal would cause unacceptable harm to highway safety, parking stress, and residential amenity in a constrained residential area, particularly during school-run and evening peaks.

I live at very near to this place, I regularly experience, heavy parking during school drop-off/pick-up. The area is a school-run environment and already has high pedestrian movement. Any increase in drop-offs, circulating traffic, and on-street parking will reduce visibility and increase risk to children and pedestrians.
