Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my support for planning application DM2025/01591.

I believe this proposal will benefit the local community by improving local facilities and services. The development appears appropriate in scale and design for the area.

The new site will include 12 new on-site parking spaces, including 2 disabled bays, as well as cycle racks. This shows a balanced and responsible approach to accessibility - accommodating those who need to drive, providing inclusive access for disabled visitors, and encouraging sustainable travel options.

I respectfully request that Sutton Council approves this application.
