Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my strong support for the proposed change of use of the former ambulance station into community/prayer centre.

I am a local resident living in this area for the past 15 years and only 13 minutes on foot from this centre. This building has served the community for many years as ambulance station and repurposing it into a community and worship centre would continue that legacy of public service. In my view, this proposal offers a sustainable and socially beneficial reuse of the same place for the local population to gather and participate in educational, cultural, worship and charitable activities. I strongly believe this community centre will host activities for women, youths, interfaith events and strengthen social cohesion and wellbeing in the area.

Therefore, I strongly support and respectfully encourage the council to approve this application.

Thanking you for your consideration.

Yours faithfully

Mohammad Akbar Khan
