Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: As a resident of this community for over 25 yrs. I feel proud and grateful to our local council that they have accommodated our Muslim community with open arms. Promised places of worship from small venues like the Sutton sports hall to a fully established mosque and community centre at Ruskin rd.

The Muslim community in Sutton and adjoining areas has grown considerably over the years. This meant that a place of worship for us residents closer to our homes has become the need of the hour. The proposal to build a new mosque and community center at the old ambulance station is welcomed and supported by all of us who feel it is going to bring our families and community together not just for the purpose of worship but to bring all members Muslims and non Muslims together to encourage understanding and respect for each other. I fully support this proposal and hope that it comes to fruition without any delay.

Kind regards,

Dr Aman Kirmani
