Comment: Dear Sir/Madam,

I am writing in SUPPORT of planning application DM2025/01591.

As a local resident, the proposed community centre and place of worship is of direct relevance to me and my family. Having a dedicated prayer and worship space is of course of primary importance to me, but I am excited at the prospect of there being a place for social wellbeing programs to be provided. In particular, as a parent I am conscious of the fact that there are limited community facilities for young people to meet in a safe environment with organised activities. The community centre will be open to all, and I hope this will be a great way to bring all members of the community together.

The plans for the building appear to be quite modest to me, and in-tune with the local surroundings. In particular green spaces will be maintained and prayer times will be staggered to minimise overlap with school pickup times.

I believe this new community centre will have a positive impact for everyone in the area.
