Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I would like to express my strong support for the proposed change of use of the former ambulance station into community and prayer centre.

I am confident this community centre will provide a much needed, safe space particularly for women and young people. This centre will offer educational programmes, mentoring and wellbeing of youth initiatives that is the need of the community. It will also provide the place for community events and social connections particularly for the women that will support personal development by creating supportive network to engage positively within the community.

By creating this community centre including place for worship will continue to serve the public in a meaningful and sustainable way, the centre is only 15 min away on foot.

Therefore, I would request the council to approve this application.

Thanking you for your consideration.

Yours faithfully

Dr Nuzhat Akbar
