Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to formally support planning application DM2025/01591.

In my view, this proposal will provide meaningful benefits to the local community, including improved facilities and services for local residents. The proposal appears appropriate in scale and character and would contribute positively to the area.

I believe it supports local needs and aligns with the purpose of community-focused development.

More specifically, the proposal will provide a local hub for all the community members to use and benefit from and utilise, something that is very much needed in this area.

I respectfully request that Sutton Council approves this application.
