Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I fully object to this, due to the traffic The Avenue School already causes, which of course is needed for children to learn. Adding another community hub/place of worship where 250 people could be coming in and out on a Friday evening doesn't make sense at all. The school also has 1034 pupils which means the traffic and parking round the area would cause carnage.

There is also a nearby care home who will be hit hardest by this by obstructions and late night disturbances. There is also only 14 on site spaces which means more cars parking around, meaning residents won't be able to park near to their properties due to this.

I hope you make the right decision in objecting to this.
