Comment Reasons:

Comment: This development will have a detrimental impact on the neighborhood. The influx of visitors from various locations on a daily basis will significantly worsen the already congested traffic conditions on Dorset road and A217 making it increasingly difficult for residents to pass through. The proximity to primary school raises serious safeguarding concerns for local children. Further, this poses a threat to the area's rich history, established local culture and the overall quality of life that existing residents have preserved. This is an over-subscription as there are multiple prayer halls already available in the close (2-4 mile) radius to this location.
