Comment Reasons:

Comment: The mosque would make proceedings a lot easier for the Muslim community in Belmont as the current facilities being used are far too small to accommodate everyone. The mosque would reduce hassle greatly around the Church and help to deal with current parking concerns. The mosque would be very convenient for me personally as it is very easy to walk to from my house and I can see myself using it often. I imagine this would be the case for a lot of people in the surrounding area which could help to reduce traffic and emissions around Belmont. As a young person, it would be a nice place to meet and talk to my friends.
