Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I support the Planning Application DM2025/01591. I have been a local resident for 30 years. I support the proposal, it would be low-intensity development and not be a hindrance to surrounding residents. Attendees of the community hub will be respectful in not conflicting with nearby school pick-up times.

I would kindly appreciate the Council to approve the application.
