

Comments for Planning Application DM2025/01591

Application Summary

Application Number: DM2025/01591

Address: Ambulance Station Dorset Road Belmont SM2 6JH

Proposal: Change of use from Sui Generis (Ambulance Station) to mixed use Classes F1 (Places of Worship) and F2 (Community Hub) involving the erection of a part one, part two storey front and side extension, increase in height to part of building and provision of cycle and refuse stores.

Case Officer: Polly Davidson

Customer Details

Name: Mr Sreepathi Sariputi

Address: 54 Priory Road North Cheam SM3 8LN

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to the proposal on the following planning grounds:

Traffic and Parking:

Dorset Road is a constrained residential street with limited parking capacity. The proposed use would increase visitor numbers, vehicle movements and drop-offs, particularly during evenings and weekends, leading to congestion, overspill parking and obstruction of access for residents and emergency vehicles.

Noise and Disturbance:

Regular gatherings and activity outside standard daytime hours would introduce additional noise that is not compatible with the residential character of the area and would harm neighbouring amenity.

Safety and Security:

A significant increase in visitors to a previously low-activity site, without a clear management, dispersal or parking control plan, raises concerns regarding late-evening activity and general safety within a residential street.

Lack of Operational Controls:

No enforceable limits on hours of use, occupancy levels, or a transport and parking management plan have been provided to mitigate these impacts.

Conclusion:

The proposal would harm highway safety, parking conditions and residential amenity on Dorset Road and should therefore be refused.
