Comment Reasons:

Comment: I am a local resident close to the site and want to express my support for Planning Application DM2025/01591.

I have lived in the area all my life and believe the proposed community centre represents positive use for the community.

The range of facilities and programmes being proposed - including community activities, health and wellbeing initiatives, and educational sessions - will provide meaningful benefit to all in the community.

A structured community centre with a modest design and managed hours with on-site parking.

I believe it will enhance the area, strengthens community and represents a thoughtful redevelopment.

I respectfully encourage the Council to approve Planning Application please.
