Comment Reasons:

Comment: Sir/Madam,

Objection to proposed and community hall in Dorset Road

My wife and I moved into Balmoral Way with our young children in 1982. Now, the children have gone and my wife and I are still enjoying living in this road, with no plans to leave. My wife has Dementia and is a blue badge holder for her mobility issues. We rely on the car to get everywhere. My wife is anxious all the time so delays getting to and from places are very hard on her, and me driving. We already have great difficulty getting in and out of Balmoral Way at school start and finish times, as there's a huge amount of cars coming, going and parking, to get schoolchildren to The Avenue school. My daughter went to The Avenue when the school population was 300; it is now over 1000. It's very hard to get in and out to make the many hospital appointments we both have, and to get my wife to her day centre on time.

It's beyond belief that anyone would even consider allowing a mosque (or any other building) which would increase traffic exponentially, to be situated at the entrance to Balmoral Way. It would be a lie if it were suggested folk would walk to the mosque - people are certain to drive. Where could they possibly park? Even if they were dropped off, the congestion would be extraordinary. There is only one way into Balmoral Way and it is off Dorset Road, the turning being right by the proposed site.

I beg you not to even consider this request. Had they bought the Bowls club with its land for parking, I could have understood the request to a point but that would likely have caused

congestion, but to suggest this tiny piece of land could serve to build a mosque for hundreds of people to worship is crazy.

I am not going to comment on any possible designs for the building or noise or anything else. For me, my sole objection is that any building to house tens or hundreds of people would completely block access to Balmoral Way. Not only could I not get in it out but no emergency vehicles could get in.

We are simply terrified that this proposal might be allowed, as the result will be to leave us prisoners in our own home.

Yours faithfully,
K W Saunders
