Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am a local resident close to the old Ambulance station. I have lived in Sutton for over 30 years. I fully support the change of use application for the site to a place of faith. We need a local community hub where we can meet and be in a safe place. The building is an ample size not too large for the area also a little set back from the road and surrounding properties. Having a private carpark onsite will help with visitors to the site. We also encourage the community to cycle to the site promoting exercise and good wellbeing. Overall I believe this will bring the community together as its doors will be open to all our neighbours.
