Comment: Dear Sir/Madam,

I am writing to express my support for Planning Application DM2025/01591.

Dear Sir/Madam,

As a local resident on Beresford road, I am writing to offer my full support for the above proposal. Having lived in Sutton for 14 years, I have seen our community grow, but I have also seen a rising need for dedicated, inclusive spaces that foster wellbeing and education.

This application is not just about a building; it is about providing a vital social lifeline. The proposed health programmes, children's educational activities, and specialized support for women fill a significant gap in our current local infrastructure. These services are essential for building a more resilient and connected Sutton.

Critically, the applicant has shown immense respect for the existing neighborhood. The design is architecturally sensitive and "low-impact" by nature. By proactively staggering Friday prayers to avoid the local school run, the proposal proves it intends to be a "good neighbor" from day one. Combined with the 14 total parking spaces and cycle provisions, I am confident that this development will enhance the area without adding any undue pressure on our roads or peace.

I urge the Council to approve this application and allow these much-needed community benefits to be realized.

Yours faithfully,

A R Mohammed, @77 Beresford road.
