Comment Reasons:

Comment: Dear Sir/Madam,

I'm writing to show my support for Planning Application DM2025/01591.

As someone who lives and works in Sutton, I really value projects that bring people together and create positive community spaces. This proposal will do just that by offering programmes for health and wellbeing, learning opportunities for children, and welcoming facilities that support women and families. These kinds of spaces strengthen our local community and meet real needs in the area.

The plans show a thoughtful approach to design and scale, with a building that suits its surroundings and a use that's much less intensive than many other developments could be. It's also great to see that practical steps have been taken to manage parking, traffic, and sustainability. The mix of onsite parking, disabled bays, and cycle racks promotes greener travel options and keeps local roads from becoming congested. The plan to stagger Friday prayer times to avoid school pickup hours is another sensible measure that shows awareness of community needs.

I also welcome the commitment to keep the green areas on site, which helps maintain both the look and the environmental quality of the neighbourhood.

Taking everything into account, I believe this is a wellplanned, communityminded project that will add real value to Sutton without creating any significant disruption. I kindly ask the Council to approve this application.

Yours faithfully,

Aisha Mohammed
