Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I would like to object to this development for several reasons.

Firstly, the impact on Road Safety and Traffic Congestion is a primary concern; the area already experiences high volumes of traffic during school drop-off and pick-up times, and the introduction of a high-capacity community building will create hazardous conditions for pupils and residents alike.

Secondly, the application appears to have Insufficient Parking Provision, which will inevitably lead to overspill onto narrow residential streets, obstructing emergency access and resident driveways.

Thirdly, the Noise and Disturbance generated by early morning and late-night arrivals and departures is incompatible with a quiet residential neighborhood and will negatively affect the living conditions of those in the immediate vicinity
