Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Dear Sutton Council,

I am writing as a local resident to express my support for the proposed planning application DM2025/01591.

Beyond its religious function, I strongly support the wider community benefits outlined in the plans. The proposed health and wellbeing programmes along with the multi-purpose spaces will make the facility inclusive and valuable to residents of different ages and backgrounds.

As a young adult living locally, I am particularly encouraged by the prospect of activities and events that would enable me to connect with like-minded people in my age group within the community - something that is currently limited but would be greatly enhanced by a shared local venue.

I appreciate that traffic concerns have been raised by some residents, and these are valid considerations. However, the supporting documents set out clear mitigation measures, including staggered prayer times on the busiest day (Friday) to avoid school pick-up periods. On other days, attendance is expected to be significantly lower, and the proposed on-site parking together with available street parking should be more than sufficient.

Overall, I believe the proposal has carefully addressed these issues and will provide a positive and well-managed addition to the neighbourhood.

Therefore, I respectfully request the the Sutton Council approves this application.

Yours Faithfully,
