Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Our community is designated as a residential zone intended to provide a peaceful and low-traffic living environment. The proposed development may lead to increased traffic congestion, parking shortages, noise, and strain on local infrastructure, which could significantly impact the quality of life for residents.

Our objection is based solely on planning, zoning, and community impact concerns-not on religious grounds. We respectfully request that the relevant authorities reconsider this proposal and explore alternative locations more suitable for such a facility.
