Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I strongly support this application.

I believe we need a dedicated community centre and place for worship in this area.

At present, there are very limited local spaces that can consistently offer children's activities and wider community wellbeing support and services. The strong sense of community spirit created through regular activities for children and community programmes is a vital part of our social, spiritual, and mental wellbeing.

Unfortunately, the current temporary arrangements and facilities at St John's Church are not sustainable in the long term, which makes securing a stable, fit-for-purpose space even more important.

Thank you.
