Comment Reasons:

Comment: I am writing to support planning application DM2025/01591.

As a local resident of Sutton I believe this proposal will benefit the community and is entirely appropriate for the site.

The facility will provide valuable community space, including wellbeing programmes that support mental and physical health, educational activities for children, and dedicated areas for both men and women. This will create a positive local asset that encourages social connection and inclusion.

The building is modest in scale and in keeping with the area. Importantly, the applicant has shown respect for neighbours by staggering Friday prayers to avoid conflict with school pick-up times and by retaining greenery on the site. The 12 parking spaces, disabled bays, and cycle racks are sufficient, and I am satisfied it will not cause significant traffic, noise, or light disturbance. Most residents will walk.

This is a thoughtful plan and hope it can be approved.

Kind regards

Tazmin
