Comment Reasons:

Comment: Dear Sir

With wider cuts to public services, accessible community venues for structured activities are limited and very difficult to get hold of.

There is a real shortage of affordable, big space for activities including

- Youth engagement
- Cultural programmes
- Educational tuition/ after school clubs
- social mobility

A local, inclusive venue promotes connection and preventative wellbeing.

A structured environment reduces idle congregation and provides positive engagement.

A managed place of worship combined with wider community use reduces the need for informal or temporary arrangements.
