Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I will strongly support for establishment of the community centre

1 *Reduction in Local Community Services*

With wider cuts to public services, accessible community venues for structured activities are limited.

2 *Affordable Indoor Community Space*

There is a shortage of affordable, bookable halls for:

- Youth engagement
- Cultural programmes
- Educational tuition
- Health workshops

3 *Mental Health & Social Isolation*

Particularly affecting:

- Elderly residents
- New parents
- Young people

A local, inclusive venue promotes connection and preventative wellbeing.

4 *Women-Focused Community Provision*

There are limited culturally sensitive and community-based women's health and wellbeing programmes locally.

5 *Safe Youth Spaces*

A structured environment reduces idle congregation and provides positive engagement.

6 *Accessible Faith & Community* Infrastructure

A managed place of worship combined with wider community use reduces the need for informal or temporary arrangements.
