Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my strong support for Planning Application DM2025/01591.

I live on Grange Road in Sutton, not far from the proposed community centre and place of worship. As a nearby resident, I believe this development will be a positive and valuable addition to our local area.

The proposed centre has the potential to become an important hub for the community, offering a range of educational and sporting activities for people of all faiths and backgrounds. Facilities that encourage learning, physical activity and positive social interaction are greatly beneficial, particularly in bringing different sections of the community together.

A well-managed community centre and place of worship can provide a safe, structured and welcoming environment for residents of all ages.

It will create opportunities for engagement, understanding and cooperation across the neighbourhood.

I believe this proposal will enhance community cohesion and wellbeing while fitting appropriately within the local setting. I respectfully request that the Council approve Planning Application
