Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: As a local muslim resident I support the application. The proposed building has good bus connectivity so is easy to get to. The proposed design is a great layout in keeping with the local area with good community facilities. As a 68 year old it will be nice to join the health and well-being programmes and meet some of the wider non-muslim community in my age group. I would urge the Council to approve this application.
