Address: 17 Fairfax Avenue Epsom KT17 2QN

Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing as a resident of Fairfax Avenue to express my support for the proposed community centre and place of worship.

I particularly value the modest design of the centre. In my view, the proposal is appropriately scaled and will blend in well with the surrounding residential area. It appears thoughtfully designed and respectful of the local character, which is important for maintaining the overall look and feel of the neighbourhood.

I also welcome the additional parking provision and the inclusion of cycle racks. These measures demonstrate that the applicant has carefully considered transport and accessibility, helping to manage demand responsibly while encouraging sustainable travel options.

Furthermore, I strongly support the range of health and wellbeing programmes being proposed. Initiatives that promote physical activity, mental wellbeing and community engagement are much needed locally. I believe the centre will be particularly beneficial for elderly residents, providing opportunities for social interaction and reducing isolation, which is an increasing concern in many communities.

Overall, I believe the centre will be a positive addition to the area, offering valuable facilities while respecting the character of the neighbourhood. I fully support the application and hope it is approved.
