Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I strongly object to the planning application DM 2025/01591 to convert the former Ambulance station on Dorset Road into a Place of Worship and Community Hall.

This location is entirely unsuitable for a high-intensity use of this scale. The surrounding roads are narrow, already congested, and heavily used by families attending Avenue Primary Academy. Introducing 70-80 additional vehicle movements per day would significantly increase traffic and create risks for children and pedestrians.

There is no adequate on-site parking, meaning overflow parking will inevitably spill into nearby residential streets. This will obstruct driveways, reduce visibility, and add daily stress for residents. In my own experience, Dorset Road is already extremely congested during school times, and I often struggle with blocked visibility and parking pressure near my home. Adding a large, high-attendance venue here would make these daily issues significantly worse for my neighbours and me.

For these reasons, I respectfully request that the council refuse this application.
