## Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Dear Sir/ Ma'am,

I would kindly like to register my support for the establishment of this beautiful initiative in our community. This is a welcome development which has been very much anticipated by me since I moved to Sutton almost 4 years again.

The community center will provide a space for Me and my 12year Son old and 9year old daughter kids to engage with other Muslims to engage in a dedicated space for is to pray.

The center will also help me attend communal wellbeing events with the support of other Muslim sisters and also for my daughter to engage with her other friends in a safe space.

Other benefits for me and my household includes

Safe youth space for my soon to be teenage son and daughter

Educational tuition for my kids

Health and safety workshop for the family

Permanent access to faith and community infrastructure. For 4 years we have always utilised a temporary facility and this new center will help to have stability for our needs.

I would appreciate if this is approved for our family and community needs.

Many thanks in advance.

Kind Regards  
Olaitan Anifowoshe
