Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: As residents of Balmoral Way, which is a cul-de-sac, my wife and I strongly object to the proposed site, as we already experience difficulties when exiting and entering Balmoral Way during drop-off and pick-up times at the Avenue Primary School because of traffic congestion and parking in surrounding roads. Any increase in traffic and parking will therefore cause further stress and safety concerns. Inevitably, there will also be noise disturbance, particularly late at night, with people coming and going, getting into their cars and starting their engines. As residents within the immediate vicinity of the proposed site, approval of this application would have a detrimental impact on us.
