Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I wish to object to this planning application seeking change of use to a mixed F1 (Place of Worship) and F2 (Community Hub) facility, including extensions and increased height. While community hubs are welcome, they should be inclusive and non-religious to avoid creating religious pockets that divide rather than unite residents. Public focus and resources should prioritise essential services such as policing, libraries, school meals, and support for disabled students. Additionally, the proposed scale and height increase risk creating an overbearing structure that could intimidate neighbours and harm the character and cohesion of the local community.
