Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Having lived in the area and making school trips everyday for the past 10 years, anyone can tell how busy the roads get during drop-off and pick-up times especially Dorset Road and Avenue Road junction. I have come to know that Avenue Road is usually busy as some road users use it to evade ULEZ cameras.

Now given the location of proposed site, the only way to get to it is through Avenue Road, Dorset Road & Holland Avenue, be at that junction during school times (8:10 - 8:35am & 2:50 - 3:15pm), it would literally take 15 to 20 minutes to if one is trying to take the following route. Also, for a residential area, place of worship with 200 to 250 people will be quite overwhelming for existing residents like Car Parking in the resident streets plus other issues that might arise if this gets approved.

Belmont Rise -> Dorset Road -> Avenue Road -> Station Road -> B2230.

Hence, I would object to any community places of worship at the proposed site. I fully support if it were to be used as residential housing like a block of flats.
