Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I wanted to share my support for the mosque being built in Belmont.

I live only a short walk from Dorset Road, and having a mosque here would make such a big difference to me. Right now, the closest mosque for my family is in Sutton, which is further away and also much smaller. Because of the distance and limited space, I've often felt hesitant about going regularly.

If the mosque opens in Belmont, I'd actually be able to walk there, which would make it so much easier for me to attend more consistently. The larger space would also make me feel more comfortable, especially during busy times.

It would mean a lot to me personally, and it would also make it easier for me to go with my sisters. Having a welcoming, spacious mosque so close to home would really encourage us to be more involved and attend more often.

I truly hope this project goes ahead, as I believe it would benefit many of us in the local community.
