Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: This project is very important to me, as it would create a dedicated space to pray for our local community. It would by extension become a community space for family members across generations and host other events to help bring the visitors closer together from a social aspect.

For example, there is a plan to set up sports clubs as a result of the project, which is something I'd like to get involved in. I enjoy playing sports but currently lack an organised group to participate alongside.
