Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Hi Today on Sunday, opposite to old B&Q, in front of the mosque, I have seen around 30 cars parked in the road in red line, and nobody cares. All the vehicles are causing trouble for normal road users. This is just because there is a mosque. Similar law breaking can happen if you allow the permission for a mosque in this premise. The Planning Statement (page 7) says the area already has many schools, care homes, and community facilities. This suggests the neighborhood is already very busy and close to full capacity. The new centre will have only 14 parking spaces. This is not enough for the number of people expected to use it, and it will make the existing onstreet parking problems around Dorset Road even worse. This will make the area more congested and the people coming to the mosque will park in red lines and council will not take care of the unauthorized parking just like council neglects the unauthorized parking in front of the old B&Q mosque.
