Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Proximity to Avenue Primary School - Child Safety Risk

Avenue Primary School is located within approximately 1km and shares the same local access routes. Peak worship/event times are likely to overlap with school drop-off and pick-up periods.

This creates foreseeable risks:

Conflict between high pedestrian volumes (children) and additional vehicle traffic

Unsafe drop-off behaviour

Increased road-crossing hazards

The application does not adequately address safeguarding of vulnerable road users.
